Skills

Development

HTML & CSS (Sass preferred workflow) / **Javascript** (ES6 & frameworks like React & Backbone) / **PHP** (working knowledge of Laravel) / **Bash** (I actually prefer using the shell over a GUI!) / **Git** (is a standard for me)

Video

Premiere Pro / **After Effects** / **Cinema 4D**

Design

Photoshop / **Illustrator** / **Sketch** / **Framer** / **Zeplin**

Other tidbits

Extensive knowledge of **OS X** / Proficient in **Linux** (Ubuntu & Debian) / Adapt to new **cutting edge** technologies / Experience tinkering with **Raspberry Pi & IoT** / Huge interest in everything **DevOps** (Vagrant, Docker, AWS, Automation & Deployment) / Able to quickly adapt to a new framework, language or tool

Awards & Achievements

june 2016

2nd place in **Adobe's Creative Jam** challenge (30 min design challenge on a given quote)
